RESOLUTION NO. # 13-33

- TITLE:** A RESOLUTION URGING THE GOVERNOR AND THE ALASKA STATE LEGISLATURE TO ENSURE THAT THE FULL IMPACT OF POTENTIAL MEDICAID EXPANSION IS CONSIDERED AND TO TAKE COMPLETE ADVANTAGE OF FEDERAL RESOURCES TO EXPANDING MEDICAID COVERAGE TO IMPROVE THE HEALTH OF ALASKANS AND TO IMPROVE THE ALASKAN ECONOMY.
- WHEREAS:** Alaska has the option to expand Medicaid benefits by increasing the income eligibility level to 138% of the federal poverty level; and
- WHEREAS:** Independent analyses indicate significant benefits to individual Alaskans and to the Alaskan economy; and
- WHEREAS:** Approximately 40,000 more Alaskans (including 16,000 Alaska Natives and American Indians) would be covered by Medicaid; and
- WHEREAS:** The increase in eligible beneficiaries would provide increased access to care, patient travel and services that individuals are not able to afford, such as glasses, certain dental and other procedures; and
- WHEREAS:** Increasing access to care leads to healthier Alaskans; and
- WHEREAS:** The State would receive \$1.1 billion in federal revenues for the first seven years of implementation (2014-2020) for a net state contribution of \$23.4 million (\$90.7 million minus \$67.3 in offsets); and
- WHEREAS:** 4,000 new jobs would be created with \$1.2 billion in Alaskan wages and salaries throughout Alaska (2014-2020); and
- WHEREAS:** The multiplier effect of additional resources will benefit the State economy and all Alaskans by an estimated \$2.49 billion in increased economic activity throughout Alaska (2014-2020); and
- WHEREAS:** Medicaid expansion would benefit health care providers and payers, who are effectively required to subsidize care for uninsured and underinsured patients as well as businesses and other patients who support those subsidies through higher premiums, deductibles and copays. The uninsured and underinsured patients now seek care in the most expensive settings, often after their condition has become more serious and complicated than it would have been if they had access to primary care; and
- WHEREAS:** The federal match to the State of Alaska would be 100% for 2014-2016, then gradually transition to 90% by 2020 and beyond; and
- WHEREAS:** This federal match is consistent with the federal match for other programs (roads at

9%; runways at 5%); and

WHEREAS: The State has the option of Medicaid Expansion authorization contingent upon receiving a federal match rate of at least 90%; and

WHEREAS: The State has the option of various Medicaid Expansion demonstration projects it may also consider; and

NOW THEREFORE BE IT RESOLVED that the ANB & ANS at Grand Camp urges the Governor and the Alaska Legislature to continue their efforts to conduct responsible, thorough analyses of potential models for implementing Medicaid expansion to determine their full potential impact on Alaska, including potential improvement to the health status of Alaskans who currently lack sufficient health coverage, enhanced support to businesses involved in the health care industry, the multiplier effect on Alaska's economy, the potential ability to reduce or eliminate cross-subsidies for health care now provided to the uninsured and underinsured and financing models for Alaska; and

BE IT FURTHER RESOLVED that the ANB & ANS at Grand Camp urges the Governor and the Alaska State Legislature to adopt Medicaid expansion effective January 1, 2014 so that so that Alaska residents can benefit from the services at the earliest opportunity.
